Arihant Chemical

http://www.arihantchem.com/

We are one of the leading manufacturers and traders of a wide range of optimum quality Industrial Chemicals. These chemicals are known for their compositional accuracy and optimum effectiveness.

About Us

Known for the supplying and trading a wide range of supreme grade Industrial Chemicals, **Arihant Chemical** was established in the year **2005**. Offered product range is inclusive of Industrial Chemicals, Chemical Products, Industrial Chemical Products and Activate Carbon. These chemicals are precisely processed in our state-of-the-art laboratory using cutting-edge machines, which are based on highly sophisticated technology, in order to ensure high standards of quality. The offered chemicals are available with us in bulk quantities in tamper-proof packaging owing to our spacious warehousing unit, which is well-equipped with different tools and equipment necessary for standardized storage applications. These chemicals find wide application in food processing, agricultural & pharmaceuticals, chemicals and allied industries. Since the inception of our company, we have been well-supported by a team of highly dedicated, qualified and experienced professionals. Our employees are carefully selected by our team of human resource professionals through rigorous and stringent selection procedures. They work in close coordination with each in order to avoid any kind of hassles at the workplace. Furthermore, they are trained on a regular basis to upgrade their technical skills as per the changing market and technological trends. Our company was established as a sole proprietorship firm and is currently operating under the guidance of our...
